

Environmental Policy

At Jost International, a leading manufacturer of fifth wheels for the heavy-duty truck industry, we are committed to responsible environmental stewardship. As a global citizen, we recognize the importance of conserving natural resources and minimizing our environmental footprint. We are dedicated to preventing pollution and continuously improving our environmental performance by reducing waste, optimizing energy use, and addressing key environmental aspects of our operations. Our efforts are guided by a commitment to sustainability, legal compliance, and ongoing innovation in our processes, ensuring a healthier planet for future generations.
